extract : Black Is King is a 2020 American musical film and visual album directed, written, and executive produced by American singer Beyoncé. It is a visual companion to the 2019 album The Lion King: The Gift, curated by Beyoncé for The Lion King (2019). It tells the story of a young African prince who is exiled from his kingdom after his father's death. As he grows into a man, he undergoes a journey of self-identity, using the guidance of his ancestor (Beyoncé), childhood love and his own subconscious to reclaim his throne. The prince's journey acts as an allegory for the African diaspora's journey of discovering, reclaiming and celebrating their culture and heritage, which is echoed by the inclusion of spoken-word poetry that focuses on the question of black identity.
